THE CHURCH

Created to be a community where
transformation takes place.

WHAT IF?

There was a proven way to equip churches to transform both the lives of the poor, and those who serve them?

Churches had a framework to mobilize their people's time and talents to fulfill its mission?

There was a way to bring healing and hope to communities that are struggling?

Churches could motivate a diversity of people to serve together, bringing healing to our communities?

WHAT WE PROVIDE

A new way to equip churches to do what they were made to do:

To engage, train and mobilize their members to serve alongside a diversity of people with the purpose of transforming the lives of struggling men and women through a work-focused, faith-based process.

In this process, they will be transformed themselves.

WHAT WE DO

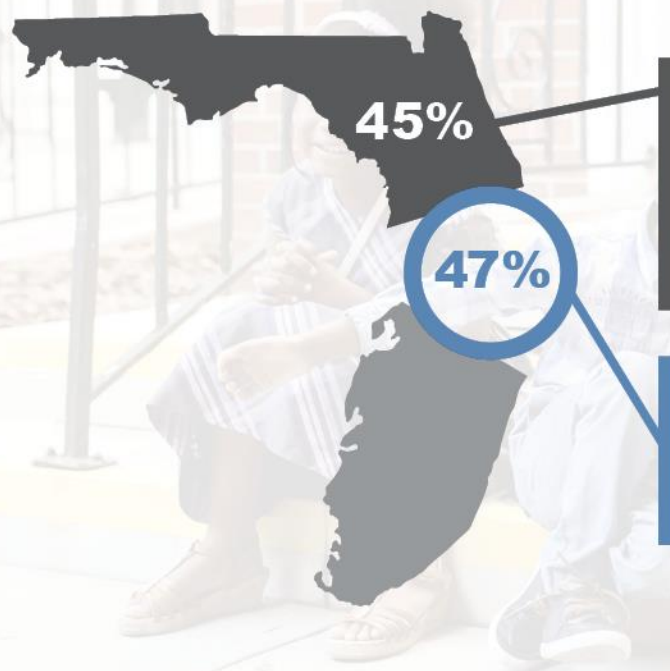

Equip the working poor to pursue a family sustaining wage by:

- Integrating Faith and Work
- Mobilizing Churches and Community Partners
- Providing a Healthy Environment for Relationship-Building
- To Serve the Alarming Ranks of the Working Poor

WHY WE DO THIS

FAMILIES IN OUR COMMUNITY
ARE STRUGGLING

ACROSS FLORIDA

45% of households struggle to afford the basic necessities of housing, childcare, food, healthcare, and transportation.*

IN ORANGE COUNTY

It's actually 47%—almost half of all households.*
