Private Wealth Advisor
LifeWorks Coach & Financial Supporter*

“Being a mentor in the classes was one of the most rewarding experiences I have ever had. It’s awesome to watch people get out of debt, take care of their families and create a career for themselves. Watching the transformation in the way they feel about themselves is a testimony to the way God feels about us.”

Sonya Coleman, LifeWorks Graduate

“I was a young single mother, high school dropout and in an abusive relationship. LifeWorks opened up my world in unbelievable ways--they gave me a bridge to a new life path. I’m now a Registered Nurse pursuing my Master’s degree, my oldest son is pharmacist and my younger kids are on track for college. I feel like it’s a miracle.”

The
JOBS PARTNERSHIP
of Florida

You might feel that life is moving too fast, or you're just too busy. But you were created to live fully in the moment, to use and grow your talents and gifts by connecting with and serving others who are less fortunate. We invite you to join with our Church Partners and diverse Volunteer teams who are working together to transform the lives of the chronically underemployed men and women who are stalled in their jobs, their lives or both through an innovative, faith-based training course. The course is just the beginning of a life-changing series of opportunities for them. And it's a unique opportunity for talented people like you to integrate faith and work to personally impact working poor families, and even change the course of future generations, right here in our community. **This is what you were made for.**

A NEW WAY TO TRANSFORM POOR FAMILIES

Across Florida, 45% of households struggle to afford the basic necessities of housing, childcare, food, healthcare and transportation. About two-thirds of these are the 'working poor' or chronically underemployed families.* The Jobs Partnership provides a proven solution built on the Biblical truth that all people are created and designed by God to work, to be fruitful and to have purpose in their lives. We work together with our Church Partners to provide an innovative, no-cost training course for these men and women, called LifeWorks.

LW LIFEWORKS TRAINING

LifeWorks is like a boot-camp for life and work, with practical, Biblical teaching that transforms the head and heart. The 12-week course meets for one evening per week, twice per year at regional training sites around Central Florida. The first night of class Students are paired with volunteer Coaches, who serve as their mentor and advocate, helping them develop a Career Pathway and restoring hope in the process. Throughout the course, Students have numerous opportunities to engage with our Community Resource Partners, Educational Partners, Employer Partners and Church Partners. And that's just the beginning. After Graduation, The Jobs Partnership team provides recommendations and referrals to Partners as the Students take action on their customized Career Plan. The goal is to equip them, empower them, and launch them into a career-path opportunity that will lead to a family-sustaining wage as they continue the way forward....The Way Up.
