

# CAREER PATHWAYS – A BETTER WAY UP

What if a whole world of opportunities opened up to you—opportunities that you didn't know existed? That's what Career Pathways is. It's a life-changing part of the LifeWorks Training course where you'll discover specialized short-term training for high-demand careers you might not even know about. You'll also get connected with the people and the resources that can help you get on the right career path.

## HOW IT'S DIFFERENT

Do you think that in order to have a career you have to have a college degree? There are other paths you can take, and many are fast-tracks to the hottest careers in Florida. For example, we connected Student Sonya Coleman to CareerSource, they paid for her training at Orange Tech, then Orange Tech placed her in a full-time job at Florida Hospital. Through the training, resources and connections made through The Jobs Partnership as well as her own hard work, Sonya has now achieved the career of her dreams as a Registered Nurse making six figures!

## THE WAY UP.

Founded in 1999, The Jobs Partnership is a faith-based, non-profit 501(c)3 organization headquartered in Orlando, Florida dedicated to building a healthy workforce through the transformation of the chronically underemployed, by replacing lies with truth, elevating their workplace abilities and attitudes, and enhancing their employability. The Jobs Partnership's vision is to strengthen whole communities for generations. We're able to offer LifeWorks Training, Career Pathways, Community Resource Fairs, Career Fairs, OnRamps, Job Connection website, educational opportunities, mentorship and other programs and resources, thanks to our valued partnerships with Churches, Volunteers, Employers, Community Resources, Educational Organizations and our generous Financial Supporters in the Florida community.

# CAREER PATHWAYS

## HOT CAREER PATHS

Here are just a few examples of high-demand career paths you might choose as a Lifeworks Student. Many careers are accessible through short-term specialized training that's paid-in-full through our Educational and Employer Partnerships.

### Construction

Construction is booming and expected to grow 6.7% over the next 2 years. Employable skills include physical dexterity, mechanical/mathematic aptitude, knowledge of basic tools/equipment, and a strong work ethic.

### Health Services

The Healthcare industry has abundant opportunities and is expected to grow 2.7% over the next 2 years. Entry-level to executive positions use skills like empathy, dealing with pressure, strong work ethic, positive attitude, flexibility, and communications skills.

### Trade, Transportation and Utilities

These sectors have many opportunities and are expected to grow 3.6% over the next 2 years. Employable skills include customer-service, hand-eye coordination, patience, math and sales skills.

### Hospitality and Leisure

These sectors provide ample opportunities for promotion and are expected to grow 2.5% over the next 2 years. Employable skills include customer service, language/communications skills, an understanding of the industry, cultural awareness and financial management skills.

### Technology and Advanced Manufacturing

One of the region's fastest growing industries with a variety of opportunities. Employable skills include hand-eye coordination, math skills, ability to work in teams, computer skills, and an ability to read and translate diagrams and flowcharts.

PARTNERS LIKE THESE ARE MAKING IT HAPPEN:

# NEARLY 2,000 STUDENTS

Have graduated from LifeWorks to date, many of whom completed additional career training that has led to full-time employment with benefits.
