

# A Celebration of 25 Years of IMPACT

What was once a mere thought evolved into the innovative workforce development organization we now know as Jobs Partnership, with the shared goal of providing desperately needed services and opportunities to thousands of job seekers in the region. As we enter a new program year in 2025, we are committed to ensuring that all low-skilled and low-wage job seekers in Central Florida can embrace the wonder of possibilities in every aspect of their lives and rise above their uninvited circumstances.

We anticipate that nearly 250 attendees from faith and business communities will join us for “Legacy & Future: A Celebration of 25 Years of Impact,” held on September 25, 2025, at the Winter Park Events Center.
